WHO ARE WE?

Arel Civata is an expert company that has achieved the success of gaining market share in a short time by combining its 22 years of experience and knowledge with the production capabilities it has created since 2018, and has always been welcomed by its business partners with its national and international trade experience and has become a sought-after brand.

With our commitment to quality, we have achieved high success/sales volume in the production of Flanged Nuts, DIN 934 Nuts, Plate Nuts and Bushings in the range of M6 to M12, in accordance with Turkish Standards (TSE) and World Standards (DIN, ISO, ASME).

In line with the demands from the Automotive, Machinery, White Goods, Furniture, Plastic Injection, Household Appliances Manufacturing and Hardware industry, we provide Bolts, Screws, Rivets, Perforated Rivets, Pins and special production solutions.

We are pleased to support you with solution-oriented production, optimum cost and on-time delivery with our highly skilled team.

Mission

To share our experience and knowledge in the field of production with our customers and employees at the highest level, without sacrificing quality, by following technology closely, within solution-oriented and competitive prices.

Vision

To be a leading brand that is sensitive to the environment, uses renewable energy resources effectively, does not compromise on employee health and safety, makes maximum use of their ideas, assimilates social responsibility values, and adheres to legal, economic and moral values.

Strategy

Our main focus is to provide a high-quality, one-stop solution that makes your business more profitable, time/cost effective, based on process optimization.
